VALENTE & STEURMER BUILDING SPECIAL BUS

Valente & Steurmer, enterprising owners of the San Rafael-Sonoma Valley Auto Bus Line, are having built a new special 20 passenger bus on a Cadillac chassis at Sacramento and will be ready to put it on the run between here and San Rafael about September first.

On Wednesday, Messrs Valente, P. Boccoli, Jr., P. Perazzo and A. Bianchini motored to the Capital city and report that the new machine is nearing completion and will be as fine as any passenger bus in use in Sonoam County.

MISS INEZ REED STARTS SUIT FOR DAMAGES

Inez Reed filed suit Wednesday in the superior court against the Boyes Hot Springs, a corporation, and others, for $22,070.85 damages and costs for alleged injuries received the night of July 22, 1921, when she claims to have been crowded from her place in the theatre on the premises of the corporation and fell injuring her right foot and breaking a number of the bones in it.

According to the complaint the corporation conducts a motion picture show in a room with part of the floor elevated six inches above the level of the main part of the floor. Plaintiff alleges that she was sitting on the elevated part, when persons crowded about her and she was compelled to stand to see. Then she was jostled and crowded in the dark, she says until finally she was pushed down on the floor, breaking the bones in her foot and causing serious injuries which have cost over $2000 in medical and hospital fees.

Attorney W. F. Cowan represents the plaintiff.—Press Democrat.

WEDDING BELLS RING OUT TUESDAY EVENING

Miss Helen Steiman Became Bride of Israel Shainsky at a Brilliant Ceremony.

Wedding bells rang out for Miss Helen Steiman and Israel Shainsky at the Schellville home of the bride on last Tuesday evening. It was a brilliant ceremony performed by Rabbi Schonselot of San Francisco in the presence of 85 relatives and friends of the happy couple. The house was handsomely decorated and at 7:30 the ceremony began. The bride was handsomely growned in white Canton crepe, with the customary veil, and carried a shower bouquet of lilies of the valley.

The maid of honor was Miss Bessie Stayman of St. Paul, Minn., who wore a dainty lavender frock. The bridesmaids were Miss Sadie Rotenberg, in blue georgette with silver lace trimming and Miss Lily Moscowitz, looking charming in pale pink georgette. Those who stood up with the groom Mr. Shainsky, were Messrs. Maurice Waldman of Sacramento, L. Noble of Schellville and Al Mendelin of San Francisco.

After the ceremony there was an elaborate wedding breakfast at which the newlyweds were joyously toasted.

Mr. Shainsky and bride have gone to Santa Cruz to spend their honeymoon.

Courtwright holds decision over Muncey, Boston's white hope for the heavy weight crown, also Sailor Fontz, and when he k.o'd Sailor Gardenella in the 2nd round of their fight at Mare Island, it put him among the top notchers. Courtwright has yet to lose a battle and when he mixes with Buck Holley, the fans will see plenty of action.

Jimmie Butler, light weight, of San Francisco will tangle with Frankie Thurston, also of Verano. This bout should be a 'humdinger' as both these boys like to mix it. "RED CROWN" used *exclusively* in ANNUAL ECONOMY RUNS

The Los Angeles-Yosemite (Camp Curry) Economy Run is probably the most famous event of its kind in the motor world. Every year about the middle of May, while the snow still lies deep in the mountain passes, from 15 to 20 cars start the strenuous 360-mile run across the interior valleys and up the difficult mountain roads into the Yosemite Valley. Every car is carefully groomed for victory, and driven by an expert.

And in all the six runs so far held, all cars entered have used Red Crown gasoline exclusively.

This year the car making the run on the lowest consumption of fuel, a *Chevrolet driven by Dominick Basso, made the entire trip of 360 miles on 12 gallons of "Red Crown" (an average of 30 miles to the gallon), and a pint of Zerolene.

The average gasoline consumption for *all* cars participating was phenomenally low. This furnishes striking evidence of the continued success of this company in manufacturing a motor-car fuel of the highest grade, justifying for six successive years the unanimous choice of automotive engineers eager to establish the best possible records for their cars. This year, 18 of the 20 cars entered made the entire distance on less than 20 gallons of "Red Crown," although owing to recent rains the roads were unusually difficult.

Red Crown gasoline is the most economical motor fuel on the market today, because it contains the maximum number of heat units that can be rapidly and uniformly vaporized in the modern carburetor and go into complete combustion in the cylinders, producing the maximum power the engine was designed to develop.

Fill at the Red Crown sign—at Service Stations, garages and other dealers.

FORMER SONOMA GIRL BURLINGAME CLUB'S PRES.

Mrs. Neil Haig, who will be remembered as Emily Huddart, fair daughter of the Valley of the Moon, has been recently elected president of the North Burlingame Community Club. She is the youngest club president in the California Federation. In commenting on her election, the Burlingame papers said, "she is a most gracious presiding officer and much beloved by her fellow members".

Mrs. Haig in accepting the presidency revealed the true depth of her womanly character when she said in part, "originality, simplicity, courtesy, appreciation and love for our fellow man are some of the ways by which we can beautify our souls. I thank you way down deep for electing me as your leader for the coming year and my one hope is that I may fulfill every expectation, that I will lead with dignity becoming our organization, that our little club will grow to be a mighty civic tree from the little acorn planted by its founder, its branches spread ing out and embracing all of the deserving enterprises fostered in our community."

On the program following the farewell to retiring president, Mrs. Aubury, and the welcoming of Mrs. Haig there was a vocal solo, " A Rose In The Bud" sung by Mrs. J. Burns, wife of a former old resident of Boyes Springs, and a very talented musician Mrs. Haig and the Burns family renewed old acquaintanceship after discovering each other's presence down the Peninsula through the Index-Tribune.

At the opening of Pacific City on the Fourth, the civic organizations down San Mateo way, and the American Legion participated in the Fourth of July parade, Mrs. Haig winning the prize for her impersonation of Miss Columbia.

Sonoma Valley may well be proud of Emily Huddart Haig.

BLAIR HART CANDIDATE FOR SUPERVISOR 2nd DISTRICT

The many friends of Blair Hart of Petaluma, who served the First District as Supervisor while residing at his Lakeville ranch, will be glad to hear that he has decided to again enter public life and will be a candidate for Supervisor from the Second District, of which he now is a resident. Mr. Hart announced his intention to run following the declaration of Supervisor Frank Doss that he was to withdraw from the official family.

No man is more highly respected in Sonoma County than Blair Hart and he left the Board of Supervisors with as clean a public record as any official ever had. His square dealing, shrewd business methods and ceasless activity in the interest of the tax-payers of the district, won for him the regard of everyone. Our present efficient Supervisor, Fred Lowell, could not have better colleague than Blair Hart, and Sonoma Valley could not have a better friend. Success, Mr. Hart.

A WARNING TO THOSE WHO BORROW THE PAPER

A woman who was too economical to subscribe for her home town paper sent her little son to borrow a copy taken by her neighbor. In his haste the boy ran over a $4 stand of bees and in ten minutes looked like a warty squash. His cries reached his father, who ran to his assistance, and, failing to notice a barbed wire fence, ran into it and broke it down, cutting a handful of flesh from his anatomy and ruining a $10 pair of pants. The old cow took advantage of the gap in the fence, and killed herself eating corn. Hearing the racket, mother ran, upset a four-gallon churn of rich cream into a basket of kittens, drowning the whole litter. In her hurry, she dropped and broke past all hope of mending, a $25 set of false teeth. The baby left alone, crawled through the spilled cream into the parlor, ruining a $50 carpet. During the excitement, the eldest daughter ran away with the hired man, the dog broke up eleven setting hens, and calves bit out and chewed the tails off four shirts.

And all to save $2.00 —Exchange.

SONOMA'S CONVENTION PREPAREDNESS

Great preparations are being made for the coming of the Redmen convention visitors to Sonoma. The delegates and their friends will be here in two weeks and, of course, we are all anxious that Sonoma Valley shall make a good impression for this offers our first chance to break into the convention class with other live communities.

The committees of the fraternal order having the convention in charge are doing everything possible to give Sonoma the glad hand aspect, with welcome blazoned on the mat, and genuine samples of Sonoma Valley hospitality everywhere evident. The committees are to be highly commended for their untiring energy and enthusiasm in awakening our citizens to the fact that Sonoma is to be the hostess to visitors within our gates and must do the honors to the very best of her ability. We all want to help, seems to be the attitude of our townspeople. This being the case, let us all **get busy the next two weeks** and help create **the** impression that our house has been set in order for the company. Let us get rid of unsightly grass and tall weeds, clean the yards, sidewalks and streets in the vicinity of our residences and do all we can to brighten up the town and make our homes look attractive. Civic pride begins in every person's own yard and in front of the individual's premises. Let us demonstrate it.

Let us show our pride in our old Mission by clearing off the dry grass and weeds which surround it.

Let us see that the grass plots in the Plaza are green and well ordered; that rubblsh and garbage are incinerated; in short that our municipal housecleaning **has** been done in honor of expected company, with **hopes** that eventually it will always be done when **finances shall permit.**

We have one difficuulty in making Sonoma look its **best—the problem of neglected** premises of non-resident property owners. Right in the business district dilapidated, untenanted, useless buildings which are unsightly menaces are tolerated, inflicting their unsightly presence on the landscape. Dilapidated fences moss-grown and weather-beaten, mar the property lines of other out of town owners. It might be well for the city dads to go after this class of offenders who should be compelled to keep up the property they are holding in Sonoma as a matter of speculation. They owe something to the town while we are all working for its betterment. Remember, we can ask all this with better grace if we begin at home to improve each unit of our city.

Convention week is just two weeks away. Let us show what can be done to make our city spic and span.

The progressive newspaper is a great factor in a community and frequently gets big results for local business men or property owners while getting little for itself. For instance, we boost for a new school or modern streets and awaken voters to their duty at the polls with the result that bond elections carry and new projects are assured. What happens? The local business man gets big contracts for supplies and perhaps profits to the extent of hundreds of dollars, through the newspaper's successful campaign for the improvement.

The local business man can well encourage such enterprise. In fact, he should back it up strong by advertising patronage and every other patronage that is possible. Think it over.

THAT POSTOFFICE PETITION

The petition put in circulation this week by a zealous aspirant to the Sonoma postoffice indicates but one thing, that those signing it want to see a change made in the Sonoma office. The petition as a job getting instrument, however, has long ceased to carry weight. In this instance, moreover, it was untimely, as nothing is pending until after cadidates for the job have passed the examination, scheduled by the Civil Service Commission.

If you get discouuraged at the wrong construction put on your motives, just stop to consider that even the president of the United States is not immune from unkind thoughts and calumny. Just the other day President Harding in the fine, human, man-to-man talk to the homefolks of Marion, Ohio, related a sample of his troubles. Said the President:

"Several weeks ago, when the returning tide of industrial activity made the time seem opportune, I invited some forty or fifty captains of the great iron and steel industry to dine with me, to confer about the abolition of the 12-hour work day. I did not choose to proclaim the purpose in advance, because I dislike the tendency to promise excessively and accomplish inadequately. Imagine my surprise and amusement to read in an important metropolitan newspaper that I was dining the steel barons to shake them down for the deficit in campaign funds of 1920"

Can you beat it?

Charles H. Randall, the dry ex-congressman, is now taking all the credit of reduced infant mortality in New York City for prohibition. He says in 1891, wet, the death rate of infants in that city was 241 out of each 1000 born; in 1920, dry, it was only 85 per 1000, and in 1922, dry, it was still further reduced to 71.1 per 1000. And to think that better milk supply, sanitation, baby clinics and women's club activities along hygienic instruction has been getting the credit for reducing infant mortality. All activities such as fly swatting and all expensive sanitation might as well be eliminated now since prohibition is proving so effective.

The strike is an economic crime. We cannot hope for the cessation of war in this world until this evidence of stupidity has been routed. The strike is not an effective measure. It is a very primitive one.

The present railway strikers should realize the hardships they are working on thousands of hard working fruit growers, to whom the non-movement of their crops means ruination. There is no fellowship in the attitude of strikers toward our farmers. It is plain selfishness. Working men should be justly treated and rights, **if infringed upon,** should be protested, but others rights should not be trampled upon.

You don't know what is going on in the town if **you do** not read the ads. The day is past when newspapers print everything for nothing in the news columns and give away write-ups. Now business-like customers send their message to the readers of newspapers in the advertising columns and there is a world of information therein.

Putting speeders to work on the rock pile is a good idea. They may at least stop to consider.

Mail-orders drink and drops dead, says a news item. He must have been refused.

MINOR ACCIDENTS AND SICKNESS

The son of Mr. and Mrs. Stillings broke his arm this week while cranking his car.

Carl Jacober has been on the sick list under treatment by Dr. Hays.

An employee of Carl Jakober named Wild crushed his little finger one day this week while at work on a hay press.

W. H. Lewis, a carpenter on the High School building cut his hand badly this week with a saw.

SENATOR SLATER A CANDIDATE FOR REELECTION

Senator Herbert Slater is a candidate for reelection to the State Senate. The Senator's work at Sacramen to in behalf of Sonoma's old Mission is much appreciated by every one in Sonoma Valley.

The Macquiddy home has been rebuilt and is even more attractive than the one destroyed by fire. Mrs. MacQuiddy and her son Burch and wife will reside there.

Mrs. Grover Rubke and pretty little daughters have been enjoying the sights of interest in and about San Francisco this week.

Mrs. Elmer M. Smith of San Francisco, who spent several days at the cozy home of Miss Florence Murphy, returned to the city Sunday. Mrs. Smith formerly resided at Kenwood.

The Rebekahs and Odd Fellows will enjoy a fine picnic at White Sulphur Springs tomorrow.

Harry Burmester who expects to enter U. C. next term has accepted a position with a San Francisco banking concern during vacation.

BELIEFS ABOUT BIRDS

If a pigeon settles on a table, it is a sign of sickness.

It is unlucky to drive a dove or pigeon out of the house.

If a dove flies into a house when any person is dead or dying, the person at whose feet the bird falls will die next.

If some strange pigeon comes and picks in your garden three days in succession, it foretells the death of some young person.

It is a common notion that if a dove were let loose with its eyes blinded, it would fly straight up into the air until it fell from exhaustion.

If you are going downhill when you hear the first dove in the season, you will lose something. If you are going up, you will find something.

If a gentle ground-dove or turtle-dove is seen strutting along on the top of a home in Barbados, it is a sure sign of death to the inmates.

WOMEN OF OTHER LANDS

An illiterate woman is practically unknown in Siam.

Children in Samoa are taught, by their mothers, to swim before they are three years old.

The very poorest women of Madagascar are able to wear silk, as it is cheaper than any other cloth.

The first Moro girls ever graduated as nurses received their diplomas in 1918 at the Philippine general hospital.

Javanese girls are said to be the world's most proficient pearl divers. They begin to learn their trade at about thirteen years of age.

In Persia laughter on the part of men is considered effeminate, but there is no restriction on feminine merriment.

Women in the harems of the Bagdad sheiks are occasionally permitted to view American motion pictures, but the films are carefully censored to eliminate all love scenes.

In Italy nearly every woman above the class of "labor" smokes endless cigarettes. They use long mouthpieces made of tortoise shell or amber with a band of gold, rubies or diamonds. These holders cost from $10 to $100 each.

PITHY POINTS

In the lexicon of some business men, success and failure are synonyms.

Women have a limited amount of conceit, but men invariably have it in unlimited quantities.

A man may be prouder of the things he thinks he can accomplish than of those he really can.

A fool may insult and abuse others, but a wise man gives people credit for what they are actually worth.

The acme of laziness has been reached when a man feels that it is too much trouble to try to avoid trouble.

IN OTHER CITIES

A large meat store in San Francisco is selling women's silk hosiery as a side line.

In the French war zone, Arras now has a population of 41,500, Bethune of 20,000, and Lens of 9,000.

The earliest designs used for China at Worcester, Eng., are believed to have been copied from the Chinese.

A recent bride in Bellefontaine, Ohio, received a motion picture theater as a wedding gift from her father.

Botanical gardens recently established in Albany will contain specimens of every cultivated plant grown in the state of New York.

The lord mayor of London is called on to make about 1,000 speeches during the one year of his term of office. His responsibilities are not very great.

GEMS OF THOUGHT

He will easily be content and at peace whose conscience is pure.—Thomas a Kempis.

No man ever offended his own conscience but first or last it was revenged upon him.—South.

The men who succeed best in public life are those who take the risk of standing by their own convictions.—J. A. Garfield.

To doubt is an injury; to suspect a friend is a breach of friendship; jealousy is a seed sown but in vicious minds; prone to distrust, because apt to deceive.—G. Lansdowne.

Expedients are for an hour, but principles are for the ages. Just because the rains descend, and the winds blow, we cannot afford to build on the shifting sands.—H. W. Beecher.

The wise man has his foibles as well as the fool. Those of the one are known to himself, and concealed from the world; while those of the other are known to the world, and concealed from himself.—J. Mason.

ABOUT PEOPLE

OLD PRINTING PRESS GIFT TO MUSEUM

The original printing press on which A. J. Cox got out the first news paper ever printed in Sonoma is in the possession of the Poppe family and will be given to the old Mission museum here. The printing press dates back to the early fifties and many copies of the Sonoma Bulletin, the quaint little weekly issued at that time are still in the possession of some of our pioneer families.

Both Col. R. A. Poppe and his brother, Julius, are anxious to see the historic relic in the collection being gathered by the local committee for the museum at the Mission San Francisco de Solano.

E. L. LaMONT OPENS GARAGE

E. L. LaMont, formerly with the Peacock Motor Sales Company of San Francisco has come to Sonoma Valley and opened a repair shop where all cars and trucks will be thoroughly overhauled. Mr. LaMont comes here highly recommended as a mechanic and a 'square shooter." He will install a new tag system to show itemized cost and exact time of all repair work.

The new garage is located between Murray's and Sonoma Grove on the highway. See ad in another column.

NOTISS TO THE PUBLICK

This is to advertise that, at present, we are selling the entire output of our Jersey herd each morning, on the morning route. The evening output is not yet all taken by our retail customers and we would appreciate a few more evening customers, especially along Broadway. The price for Jersey milk is the same as for other ordinary milk. Yours very truly,

VALLEY OF THE MOON BRAND APPLE SEASON

The Valley of the Moon brand apples, shipped by the Apple Growers' Association of Sonoma Valley, will begin to move Monday, July 17, when packing at the big headquarters at Vineburg begins. The 1922 crop is unusually large and of fine quality. Sonoma Valley has been rapidly gaining fame for its Gravensteins and great credit is due the Association for bringing the apple orchards up to their present state, for they never produced finer fruit than at present.

The Apple Growers' Association numbers among its members Sonoma Valley's most progressive farmers. George Cassidy is president of the Association and Grover Rubke secretary.

A Sebastopol report on the 1922 apple crop states:

The price of $1.35 a box for Gravenstein apples, as announced through the press, is the price being paid to the growers for the bulk product as it is unloaded at packing plants and not for the packed box, according to a statement made by E. C. Merritt, manager of the Sebastopol apple union.

The price of packed apples has not yet been definitely settled, although some sales are being made at from $2 to $2.25 per box, according to assortment and time of shipments.

The Gravenstein crop is exceptionally fine and free from fungus and worms this season.

NEW CARS ON THE WAY

The local Dodge agent, Steve Griffith, is to shortly make delivery on two handsome closed cars, one to Miss Rose Pagani of the Sonoma Valley Bank, and another to Max Soley of the State Home. In addition to these Dodges, many others have been ordered and are on their way for delivery by the Palace Garage.

MOVE ON TO RESTORE HORSE-RACE BETTING

Restoration of race horse gambling in California under regulation by a State Racing Commission is contemplated in an initiative petition filed this week with Secretary of State Frank C. Jordan.

The petition came from Humboldt County and contained 101 signatures. In order to qualify the proposed measure for the November ballot, 55,000 signatures must be in the hands of the Secretary of State by August.

The proposed measure provides for the creation of a race commission, appointed by the Governor, empowered to regulate and license horse racing under the Paris mutual betting system. The commission would be authorized to grant licenses for racing to State, district and county fairs and associations and to private corporations. However, it would limit any fair, association or corporation to eighteen days of racing in any year.

Commissions derived at race meets under the Paris mutual betting system would be divided under the proposed measure as follows:

Fifty per cent to the association or corporation holding the meet to be used in making up purses; 25 per cent to be retained by the holders of the racing meet for the improvement of its tracks, grounds and buildings; 25 per cent for the use of the track where the races are held, and 25 per cent to be paid into the County Treasury of the county in which the meet is held; the money to be used in repairing county roads. —Sacramento Bee.

DUMPING GROUND FOR NARCOTIC VICTIMS NOT HERE

Plans of the federal government to farm out to the State of California women who have offended against provisions of the national Harrison narcotic acts have run up against a stumbling block as a result of a decision by Dr. John A. Reily, director of the State department not to sanction any such agreement.

The proposition made by the government, Dr. Reily explained, was to have a group of women sent to California from other states and admitted to the State Industrial Farm for Delinquent Women in Sonoma county for care and treatment with the cost of maintenance paid by the government.

SANTA ROSA VISITORS HERE

Senator Herrbert Slater and Messrs Charles Dunbar and Salisbury of Santa Rosa were visitors to the valley on last Saturday evening and were warmly greeted by their many friends down this way. Charley is driving a fine sedan and is proud as a peacock of it.

Mr. and Mrs. Henry Hyde and son, Herschel are enjoying their summer vacation up on the Feather River.

TWO CHILDREN IN MAFFEI FAMILIES ARE BAPTIZED

Last Sunday at St. Francis church the little son of Mr. and Mrs. Anabile Maffei and the little daughter of Mr. Maffei's sister, Mrs. Picci, were baptized by Rev. J. F. Byrne. The boy was nammed Arthur Peter Maffei and the girl Alyda Olivia Picci. Mr. and Mrs. Mike Maffei of San Francisco were godmother and father for their little nephew and Miss Lucile Sorini and Olivio Maffei stood up for the little daughter of Mr. and Mrs. Picci.

Following the impressive ceremony of double baptism the parents and other relatives of the children celebrated the happy event with a fine dinner. Dozens of chickens were prepared and with ravioli, entrees, salads and elegant cakes, were enjoyed by the company which numbered 65. The good health and good fortune of the little son and daughter were toasted and later there was dancing and a general good time at Laurence Villa which proved admirable for entertaining the many well wishers and guests of the pioneer Sonoma family.

Mr. and Mrs. M. Maffei and Mr. and Mrs. Louis Maffei were among the out of town relatives present.

FOXY FOUR TO PLAY

The Foxy Four Orchestra has been engaged for the Native Daughters dance on the 22nd. The young musicians of this orchestra are Misses Ella and Gladys Fox, piano and violin, Cecil Hunter, saxophone and Leland Adler, drums, and Fred Schell, banjo will also play.
